els  uiamets

The historical Cooperativa Agrícola Els Guiamets, founded on 1913, receives the wine harvests from 275 ha. of vineyards, coming from the intense work of 89 different members, where red grape varieties are cultivated.

For the fermentation and elaboration of the wine a modern technology of stainless steel tanks have been acquired. The last initiative was the construction of an underground cellar of 120 m² for the vintage wines.

Thanks to all this hard work, the company is proud to be a member of the Montsant Origin Denomination, which is in Priorat region, and having launched into the market its new superb wines ISIS and LO METS, both combining the best different red grape varieties that have made this zone one of the most potential ones in terms of quality wines.

As an example of “spoiling” its products, we find the ISIS label, which was designed by Subirachs, one of the most famous Catalan sculptors and designers.

LABEL EXPLANATION:

Modernist label specially designed and printed for Cooperativa Agrícola Els Guiamets. The ISIS name, showed at the sit place of the figure, means the Egyptian fertility goddess, that translated into wine world we say the “Egyptian fermentation goddess”. This was made by a famous Catalan architect and designer called Subirachs, who is now rebuilding “La Sagrada Familia”. Also, the bottle offers a diagonal shape on the back of the bottle neck, symbolizing the modernism even translated to the glass of the bottle.
